

Jake Williams

Ecosystem Scientist at the Institute of Zoology

 Sherston Cottage, Shamley Green, Guildford, Surrey, GU50UZ

 +447824471776

 jakewilliams844[at]gmail[dot]com

 personal website: j-cos.github.io

 ORCID: 0009-0000-5068-1295

Interests

-  Ecosystem science
-  Ecosystem governance
-  Conservation strategy
-  Next-generation biomonitoring
-  Environmental economics

Skills

Technical:

Scientific programming

Bioinformatics

Satellite remote sensing

Machine learning, HPC

Programming:

R, Bash, PBS

Google earth engine

Python, LaTeX

Modelling:

GLMM, SEM, NLLS

Multi-model inference

Network analysis

Tools:

Git

Education

2020 – 2024

PhD Ecosystem Science Imperial College London

Thesis title: "Not Just Corals and Fishes: seeking general ecosystem collapse in multiomic data from coral reefs"

Supervisors: Dr Emma Ransome, Prof. Nathalie Pettorelli, Dr Chris Meyer.

Funding Awards: Studentship at NERC Centre for Doctoral Training in Quantitative and Modelling Skills in Ecology and Evolution

2013 – 2014

MSc Biodiversity, Conservation and Management University of Oxford

Thesis title: "Impacts of megafaunal extinctions and reintroductions on ecosystem properties in a General Ecosystem Model"

Supervisors: Dr Richard Grenyer, Dr Michael Harfoot

Funding Awards: Oxford University Centre for the Environment Bio-diversity Research Grant (£1000); Leathersellers Foundation Award (£5000)

2010 – 2013

BSc Politics, Philosophy and Economics University of York

1st: Graduated top of class in economics (>85%)

Relevant Experience

2024

Post Doctoral Research Assistant Institute of Zoology

Researching ecosystem collapse, with a focus on African tropical forests as a study system.

2020 – 2024

Conservation Strategy Consultant ZSL

Support to ZSL teams in development of strategic impact evaluation, and designing and funding major conservation projects worth ca. £20million; including the Western Congo Basin BLF project.

2019 – 2020

Deputy Conservation Design and Impact Manager ZSL

Technical and strategic support to teams across the Conservation and Policy Department in the design and evaluation of conservation. Exceptionally, over 70% of funding applied for was awarded.

2016 – 2019

Assistant Programme Manager - Asia ZSL

Delivery of a multi-million pound tiger conservation project, securing long-term project funding.

2015 – 2016

Policy Adviser and Economist HM Treasury

Policy lead on single market and better regulation agendas within the European Union Institutions and Policy Team.

2014 – 2016

Scientific Consultant Wild Business Ltd.

Natural capital assessments, and support in implementing the mitigation hierarchy for private and public sector clients.
